DGFT invites applications for the balance 2,02,550 MT of the raw sugar TRQ

Public Notice No. 28/2026-2027 · September 1, 2026

Public Notice No. 28/2026-2027, dated September 1, 2026, continues Public Notice No. 27/2026-2027 dated August 20, 2026 and its Corrigendum dated August 24, 2026, following the Minutes of the Meeting dated August 28, 2026 of the Committee constituted for allocation of TRQ Sugar.

Against the Tariff Rate Quota of 10,00,000 MT of Raw Sugar notified by Notification No. 31/2026-27 dated August 20, 2026, applications for 7,97,450 MT were received and allocated. A balance of 2,02,550 MT remains, and applications for it are invited from eligible millers and refiners, online through the DGFT website, for 7 (seven) days from the date of publication of the Public Notice.

Unlike the earlier one-time allocation, the balance is allocated daily. Applications received up to 5:30 PM form that day's batch and are processed on the following working day; later applications move to the next day's batch. If a day's demand, with quantities already allocated, exceeds the balance, that batch is allocated pro-rata. Applications after the quota is exhausted are not considered, and the portal's date and time stamp decides the day of an application.

All other terms of Public Notice No. 27/2026-2027, as amended, apply mutatis mutandis.
