ANTI-DUMPING / AMENDMENT

DGTR adds invoice declaration condition to PET resin anti-dumping findings for China

A February 25, 2026 amendment to the 2020 findings on PET resin from China ties individual duty rates to a signed declaration on the commercial invoice.

THE DIRECTORATE GENERAL of Trade Remedies has issued an amendment notification dated February 25, 2026 to the Final Findings in the anti-dumping investigation on imports of "Polyethylene Terephthalate (PET Resin)" originating in or exported from China. Those findings, issued vide Notification F. No. 6/24/2019-DGTR dated December 28, 2020, recommended definitive anti-dumping duty on the subject goods.

DGTR adds invoice declaration condition to PET resin anti-dumping findings for China

Amendment · February 25, 2026

The Directorate General of Trade Remedies has issued an amendment notification dated February 25, 2026 to the Final Findings in the anti-dumping investigation on imports of "Polyethylene Terephthalate (PET Resin)" originating in or exported from China. Those findings, issued vide Notification F. No. 6/24/2019-DGTR dated December 28, 2020, recommended definitive anti-dumping duty on the subject goods.

The Designated Authority states that the amendment is made to ensure the effective application and collection of the recommended individual anti-dumping duties. A new paragraph is inserted immediately below the duty table in paragraph 154 of the Final Findings.

Under the inserted paragraph, the individual duty rates for the companies named in the duty table apply only when a valid commercial invoice is presented to the customs authorities with a declaration, dated and signed by an identified official of the invoicing entity, certifying the volume of PET Resin sold for export to India and the company in China that manufactured it. Without such an invoice, "the duty applicable to all other rates" applies. The requirement does not affect verification procedures undertaken independently by the Customs authorities.

The amendment is to be read in conjunction with the Final Findings of December 28, 2020. The notification does not restate the duty amounts.

Measure	Anti-dumping
Stage	Amendment
File number	F. No. 6/24/2019-DGTR
Dated	February 25, 2026
Published in the Gazette	February 25, 2026
Gazette ID	CG-DL-E-25022026-270460
Product	Polyethylene Terephthalate (PET Resin)
Countries	China
Findings	• The amendment inserts a paragraph immediately below the duty table in paragraph 154 of the Final Findings issued vide Notification F. No. 6/24/2019-DGTR dated December 28, 2020. • The individual duty rates specified for the companies in the duty table apply only on presentation to the customs authorities of a

valid commercial invoice carrying a declaration dated and signed by an official of the entity issuing the invoice, identified by name and function.

- The declaration certifies the volume of PET Resin sold for export to India covered by the invoice, the company (name and address) that manufactured it in China, and that the information on the invoice is complete and correct.
- If no such invoice is presented, "the duty applicable to all other rates" applies; the requirement is without prejudice to verification procedures independently undertaken by the Customs authorities.

Recommendation

The Designated Authority amends the Final Findings dated December 28, 2020 to make the individual anti-dumping duty rates conditional on a declaration on the commercial invoice, in order to ensure the effective application and collection of the recommended individual duties.
