ANTI-DUMPING / FINAL FINDINGS

DGTR recommends anti-dumping duty on faced glass wool in rolls from Egypt

DGTR recommends an anti-dumping duty of USD 468 per MT on faced glass wool in rolls from Egypt, from the date of the Central Government's notification.

THE DIRECTORATE GENERAL of Trade Remedies has issued final findings dated June 15, 2026 in the anti-dumping investigation concerning imports of Faced Glass Wool in Rolls originating in or exported from Egypt (No. – AD(OI) – 16/2025). The investigation was initiated on June 16, 2025 on an application by M/s U.P. Twiga Fiberglass Limited, the only producer of the product in India.

DGTR recommends anti-dumping duty on faced glass wool in rolls from Egypt

No. – AD(OI) – 16/2025 · Final findings · June 15, 2026

The Directorate General of Trade Remedies has issued final findings dated June 15, 2026 in the anti-dumping investigation concerning imports of Faced Glass Wool in Rolls originating in or exported from Egypt (No. – AD(OI) – 16/2025). The investigation was initiated on June 16, 2025 on an application by M/s U.P. Twiga Fiberglass Limited, the only producer of the product in India.

The product is faced glass wool in rolls, also referred to as fiberglass wool or resin bonded glass wool, used in the construction of metal and concrete buildings, heating, ventilation and air conditioning systems, acoustic applications, shipbuilding and transport, including railways and automobiles. Faced glass wool in flat or tabular form, such as tiles, sheets or boards, and glass wool acoustical ceiling tiles are excluded. The period of investigation is January 1, 2024 to December 31, 2024.

The one Egyptian producer that responded, GlassRock Insulation Company S.A.E., was treated as non-cooperative because it did not furnish complete and verifiable information, so the export price for all producers and exporters was determined on facts available. The Authority determined a dumping margin in the range of 65-75% and an injury margin in the range of 30-40% for all producers and exporters from Egypt.

The Authority found that subject imports increased, undercut the domestic industry's prices and were below its cost of sales, and that the domestic industry's production, domestic sales and profitability declined while its inventories rose. It concluded that the injury is due to dumping from Egypt.

Applying the lesser duty rule, the Authority recommends anti-dumping duty of USD 468 per MT on imports of the product originating in Egypt, and on imports of any other origin exported from Egypt, from the date of the Central Government's notification.

Measure	Anti-dumping
Stage	Final findings
Case number	No. – AD(OI) – 16/2025
File number	F. No. 6/18/2025-DGTR
Dated	June 15, 2026
Published in the Gazette	June 15, 2026
Put online	June 24, 2026

Gazette ID	CG-DL-E-24062026-273790
Product	Faced Glass Wool in Rolls
What it covers	Faced glass wool in rolls, also referred to as Fiberglass Wool (Insulation Material) or Resin Bonded Glass Wool. It excludes faced glass wool in flat or tabular form, such as tiles, sheets or boards, and Glass Wool Acoustical Ceiling Tiles. This revised scope was notified on July 25, 2025.
Customs codes	7019 9010, 7019 9090, 7019 1900, 7019 3900, 7019 5900, 70198000, 70199000
Countries	Egypt
Applicant	M/s U.P. Twiga Fiberglass Limited
Period of investigation	1st January 2024 to 31st December 2024 (12 months)
Injury period	April 2021 to March 2022, April 2022 to March 2023, April 2023 to March 2024 and the POI
Findings	• The applicant is the only producer of the subject goods in India, accounting for 100% of Indian production; it has not imported the subject goods and is not related to exporters or importers, and it constitutes the domestic industry under Rule 2(b). • The sole responding Egyptian producer, GlassRock Insulation Company S.A.E., was treated as non-cooperative for failing to furnish complete and verifiable information, and the export price for all producers and exporters was determined on facts available under Rule 6(8). • The dumping margin for all producers/exporters from Egypt is in the range of 65-75%. • The injury margin for all producers/exporters from Egypt is in the range of 30-40%. • Subject imports increased in absolute terms and in relation to production and consumption in India, undercut the domestic industry's prices and were consistently below its cost of sales. • The domestic industry's production and domestic sales declined over the injury period, its inventories were highest in the period of investigation, its profitability declined significantly in the period of investigation and its return on capital employed was quite low in the period of investigation. • The Authority concludes that the injury to the domestic industry is due to dumping by the subject country and that imposition of anti-dumping duty will not be against public interest.

Recommendation	The Authority recommends anti-dumping duty equal to the lesser of the margin of dumping and the margin of injury, at USD 468 per MT on imports of the subject goods originating in or exported from Egypt, from the date of the notification to be issued by the Central Government.
Duty expressed as	USD per MT
What happens next	The duty is to apply from the date of the notification to be issued in this regard by the Central Government. An appeal against the determination in these final findings lies before the Customs, Excise and Service Tax Appellate Tribunal.

The duty table

Country	Producer	Duty
Egypt (origin), exported from any country including Egypt	Any	USD 468 per MT
Any country other than Egypt (origin), exported from Egypt	Any	USD 468 per MT
