DGTR sets a 12-month investigation period in sodium nitrite anti-dumping case on China

Case No. AD (OI)-034/2026 · Corrigendum · June 24, 2026

The Directorate General of Trade Remedies has issued a corrigendum notification dated June 24, 2026 in the anti-dumping investigation concerning imports of "Sodium Nitrite" from China (Case No. AD (OI)-034/2026). It was published in the Gazette of India, Extraordinary, dated June 25, 2026.

The corrigendum corrects the English initiation notification issued vide notification No. 6/34/2026-DGTR dated June 23, 2026. It substitutes paragraph 10 of that notification, which deals with the period of investigation and the injury period.

As substituted, paragraph 10 records that the applicant proposed April 1, 2025 to December 31, 2025, a 9-month period, as the period of investigation. The Authority has instead considered April 1, 2025 to March 31, 2026, a 12-month period. The injury period covers 2022-23, 2023-24, 2024-25 and the period of investigation.

The corrigendum lists no other correction. It is signed by Amitabh Kumar, Designated Authority.
