BIS gives two older standards one more year before withdrawal

BIS · October 27, 2026

The Bureau of Indian Standards (BIS), Department of Consumer Affairs, issued Corrigendum Ref: HQ-PUB-BIS (1628), dated October 27, 2026, under sub-rule (1) of rule 15 of the Bureau of Indian Standards Rules, 2018. It appeared in the Gazette of India, Extraordinary, Part III, Section 4, No. 654, dated November 4, 2026. It changes the date in column (5) of the schedules of three earlier BIS notifications. It's signed by S. K. Verma, Scientist F & DDG (Hallmarking).

In these notifications, BIS lists a newly established Indian Standard and, in column (4), the older standard it replaces. Column (5) is the "Date of Withdrawal". The older standard "shall also remain in force concurrently" until that date. So the corrigendum keeps each older standard in force alongside its revision for one more year.

The first change is to Sl No. 04 of Ref HQ-PUB013/1/2020-PUB-BIS (1069), dated October 22, 2024 (published October 29, 2024), and of Ref HQ-PUB-BIS (1272), dated June 20, 2025 (published June 30, 2025). In notification (1069), Sl No. 04 is IS 3745 : 2024 "Yoke Type Medical Cylinder Valve with Pin Index Connection" (Third Revision), established October 14, 2024. It replaces IS 3745 : 2006, the "Yoke Type Valve Connections for Small Medical Gas Cylinders" specification (Second Revision). The withdrawal date was April 14, 2025. Corrigendum (1272), signed by Chitra Gupta, Scientist G & DDG (Hallmarking and Training), moved it to April 14, 2026, and this corrigendum moves it to April 14, 2027.

The second change is to Sl No. 01 of Ref HQ-PUB013/1/2020-PUB-BIS (1391), dated December 16, 2025 (published December 24, 2025). That entry is IS 2721 : 2025, the "Galvanized Polyvinyl Chloride (PVC), Polyolefin and Other Polymer-Coated Steel Chain Link Fence Fabric" specification (Third Revision), established December 10, 2025. It replaces IS 2721 : 2003, the "Galvanized Steel Chain Link Fence Fabric" specification (Second Revision). Its withdrawal date moves from June 10, 2026 to June 10, 2027.

The corrigendum names only the notifications, serial numbers and dates; the standards above come from the earlier notifications. It gives no reason for the change. It was issued after both earlier withdrawal dates, April 14, 2026 and June 10, 2026, had passed. It's signed by the DDG (Hallmarking), but neither standard deals with jewelry, precious metals or hallmarking.
