Five-year anti-dumping duty on monoisopropylamine from China

Notification No. 08/2026-Customs (ADD) imposes anti-dumping duty of USD 290 a metric ton on monoisopropylamine from China for five years from May 22, 2026.

THE MINISTRY OF FINANCE (Department of Revenue) issued Notification No. 08/2026-Customs (ADD), G.S.R. 386(E), dated May 22, 2026 and published the same day in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), No. 351. It imposes an anti-dumping duty on "Monoisopropylamine" falling under tariff items 2921 11 90, 2921 19 12 and 2921 19 90 of the First Schedule to the Customs Tariff Act, 1975, originating in, or exported from China (the "subject country") and imported into India. It is made under sub-sections (1) and (5) of section 9A of the Customs Tariff Act, read with rules 18 and 20 of the Customs Tariff (Identification, Assessment and Collection of Anti-dumping Duty on Dumped Articles and for Determination of Injury) Rules, 1995. A note says the customs classification is indicative only and is not binding on the scope of the product under consideration.

Five-year anti-dumping duty on monoisopropylamine from China

CBIC · May 22, 2026

The Ministry of Finance (Department of Revenue) issued Notification No. 08/2026-Customs (ADD), G.S.R. 386(E), dated May 22, 2026 and published the same day in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), No. 351. It imposes an anti-dumping duty on "Monoisopropylamine" falling under tariff items 2921 11 90, 2921 19 12 and 2921 19 90 of the First Schedule to the Customs Tariff Act, 1975, originating in, or exported from China (the "subject country") and imported into India. It is made under sub-sections (1) and (5) of section 9A of the Customs Tariff Act, read with rules 18 and 20 of the Customs Tariff (Identification, Assessment and Collection of Anti-dumping Duty on Dumped Articles and for Determination of Injury) Rules, 1995. A note says the customs classification is indicative only and is not binding on the scope of the product under consideration.

The notification rests on the final findings of the designated authority, F. No. 6/46/2024-DGTR, dated February 23, 2026, published in the Gazette of India, Extraordinary, Part I, Section 1, also dated February 23, 2026. The authority concluded that the product was exported to India from the subject country at a price below normal value, resulting in dumping, and that the domestic industry suffered material injury due to dumping. It also found that the landed price of imports is below the selling price of the domestic industry and undercuts its prices, and recommended the duty to remove injury to the domestic industry.

The duty is USD 290 per metric ton (MT), set out in a two-row table. Row 1 covers goods originating in China and exported from "Any Country including People's Republic of China". Row 2 covers goods originating in "Any country other than People's Republic of China" and exported from China. Both rows apply to any producer. The notification sets no separate rate for any producer or exporter, excludes no product and asks for no declaration on the invoice.

The duty is levied for five years from the date of publication of the notification in the Official Gazette, May 22, 2026, unless revoked, superseded or amended earlier, and is payable in Indian currency. The exchange rate is the rate the Ministry of Finance (Department of Revenue) notifies under section 14 of the Customs Act, 1962, on the date the bill of entry is presented under section 46 of that Act. The notification carries F. No. CBIC-190349/22/2026-TRU and is signed by Dheeraj Sharma, Under Secretary.

The notification does not give the dumping or injury margins, the period of investigation or the name of the domestic industry, and it does not use the abbreviation MIPA, which appears in the title of CBIC's list entry. CBIC's list of 2026 anti-dumping notifications, up to No. 26/2026-Customs (ADD) of October 24, 2026, shows no later notification on monoisopropylamine.
