Milk and milk products must carry a drop logo from July 1, 2028

FSSAI · November 6, 2026

The Food Safety and Standards Authority of India (FSSAI) made the Food Safety and Standards (Labelling and Display) Second Amendment Regulations, 2026 by a notification dated November 6, 2026. They require all milk and milk products to carry a set logo. The notification, F. No. SS-T017/1/2023-Standard-FSSAI, is dated November 6, 2026 and appeared in the Gazette of India, Extraordinary, Part III, Section 4, No. 673, dated November 9, 2026. The regulations come into force on July 1, 2028.

FSSAI made them under section 92(1) and section 92(2)(k) of the Food Safety and Standards Act, 2006, with the previous approval of the Central Government. The draft, the Food Safety and Standards (Labelling and Display) Amendment Regulations, 2025, was notified on February 17, 2025 and made available to the public on February 20, 2025, with sixty days for objections and suggestions. FSSAI says it considered those it received.

The regulations insert a new paragraph (3) after paragraph (2) of Schedule-I of the Food Safety and Standards (Labelling and Display) Regulations, 2020. It covers all milk and milk products, including composite milk products, as defined in sub-clause (a) of clause (5) of sub-regulation 2.1.1 of the Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011. The logo is a white drop on a blue square. The notification gives the blue as C: 89, M: 58, Y: 0, K: 0.

The minimum size depends on the area of the principal display panel. On a panel up to 100 square centimeters, each side of the square must be at least 6 mm, with a drop at least 4.56 mm high and 3 mm wide. Above 2500 square centimeters, the square must be at least 16 mm, with a drop at least 12.16 mm high and 8 mm wide. The notification doesn't say where on the label the logo goes or why it's being introduced. Rajit Punhani, Chief Executive Officer, signed it.
