# Secretaries group on GatiShakti to oversee new ITLA

Cabinet Secretariat · November 5, 2026

The Cabinet Secretariat (Logistics Division) published two notifications in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (ii), No. 5842, dated November 5, 2026. S.O. 6074(E) of November 5, 2026 says that, after the Union Cabinet approved on October 6, 2026 a Special Purpose Vehicle (SPV), the Integrated Transport & Logistics Authority (ITLA), to be set up under Section 8 of the Companies Act, 2013, the Empowered Group of Secretaries (EGoS) on PM GatiShakti National Master Plan has been reconstituted as the EGoS for Integrated Transport & Logistics and PMGS NMP. It encloses that order, S.O. 6075(E) dated October 30, 2026, as Annexure-A. Both carry F. No. L-18012/29/2026/Logistics Division (E-238385) and are signed by Pankaj Kumar, Joint Secretary.

S.O. 6075(E) supersedes Gazette Notification No. P-37022/3/2020-IC dated October 30, 2021, expands the scope of the EGoS and reconstitutes it. The Cabinet Secretary is Chairman. The members are the Secretary, Transport and Logistics Planning; the Chairman, Railway Board; and the Secretaries of the Ministry of Road Transport & Highways, the Ministry of Ports, Shipping & Waterways, the Ministry of Civil Aviation, the Department of Expenditure, the Department for Promotion of Industry and Internal Trade and the Department of Urban Development. An Additional Secretary or Joint Secretary in the Office of the Secretary, Transport and Logistics Planning is Member Convenor. The Chairman may invite other officers or experts to its meetings, and the administrative unit in the office of the Secretary (Transport and Logistics Planning) serves as its Secretariat.

The revised terms of reference give the EGoS five tasks on ITLA. It reviews progress in setting up ITLA and in implementing integrated transport and logistics planning. It approves the National Transport Master Plan (NTMP) and any changes to it. It issues instructions to settle differences between Ministries and ITLA on ITLA's recommendations on the NTMP and Sectoral Plans. It may issue clarifications or modifications, including to ITLA's structure and role. And it approves ITLA's Memorandum of Association and Articles of Association.

On the PM GatiShakti National Master Plan, the EGoS reviews and monitors the plan for the logistics efficiency it brings, adopts a framework and norms for amending the plan, and coordinates changes to projects already in it within that framework. It sets a procedure and timeframe for synchronizing the construction of roads, rail and other works with all utility services, in an area-based approach to developing infrastructure on a pilot basis, and aligns work on a common integrated portal for all stakeholders. It issues directions on the plan's objectives and guiding principles and on Ministries' demand-side needs, and looks at what is needed to move bulk goods efficiently for Ministries such as Steel, Coal and Fertilizers.

The notifications do not set out ITLA's own functions, powers, staffing or funding, or a date by which it will be set up, and they do not contain the National Transport Master Plan. They place no

duty on companies, shippers or other logistics users; they set up the group of Secretaries that will approve the master plan and oversee ITLA.
