Notification S.O. 6176(E)

User fee set for NH-753L Boregaon Buzurg-Shahpur, 150% on bypass

MoRTH · November 11, 2026

The Ministry of Road Transport and Highways (MoRTH) issued notification S.O. 6176(E), dated November 11, 2026. It is published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (ii), No. 5937, dated November 12, 2026 (CG-DL-E-14112026-277924). It is made under section 7 of the National Highways Act, 1956, read with rule 3 of the National Highways Fee (Determination of Rates and Collection) Rules, 2008. It is signed by Chetna Nand Singh, Joint Secretary, under F. No. MPDIV-21017/59/2025-PIU Khandwa/E- 262431.

The notification recalls that S.O. 350(E), dated January 24, 2020, entrusted the Khandwa - Burhanpur - Madhya Pradesh/Maharashtra Border section of National Highway No. 753L in Madhya Pradesh to the National Highways Authority of India (NHAI). It levies a fee on the four-lane Boregaon Buzurg to Shahpur section, from design km 139+000 to km 186+000 (existing km 145+000 to km 192+500), and authorizes NHAI to collect it through its officials or a contractor. The base rates per km, for the base year 2007-08, run from Rs 0.65 for a car, jeep, van or light motor vehicle to Rs 4.2 for an oversized vehicle with seven or more axles.

All of the fee is payable at one fee plaza, at design km 162.190 of NH-753L near Jhiri village in Burhanpur district. The base rate applies to a net road length of 23.9 km. One and a half times the base rate applies to the 21.46 km Jhiri+Nimbola+Burhanpur+Shahpur bypass, which runs from design km 162.640 to design km 185.540 and cost Rs 323.69 crore. Eight structures longer than 60 m, 1.64 km in all, are charged at the base rate as 16.4 km of road, using an "equalisation factor" of 10.

A person who owns a vehicle registered for non-commercial purposes and lives within twenty kilometers of the fee plaza may buy a monthly pass at Rs 360 for 2026-27, revised every year under the rules. A return trip within 24 hours costs one and a half times the one-way fee, and a pass for fifty single journeys in a month costs two-thirds of the fee for fifty journeys. Commercial vehicles registered in the plaza's district, other than those under a national permit, pay 50% of the rate where no service road or alternative road is available. Overloaded vehicles pay the fee set in rule 10 of the rules.

The notification does not give a fee in rupees per trip and does not say when collection starts. NHAI is to calculate the actual fee and the discounts on the basis of the completed length of the section, revise them every year under rule 5, and publish them in at least one newspaper in English and the vernacular language. The fee rates are to be displayed for users under rule 12. The estimated capital cost of the project is Rs 1497.69 crore, which the notification says may change because land acquisition, utility shifting and tree cutting are yet to be completed.
