AMENDMENT

MoEFCC adds high end and high value used medical equipment to Schedule III, Part B at Basel No. B1110

G.S.R. 900(E) adds high end and high value used medical equipment for re-use at Basel No. B1110 and says who may import it.

G.S.R. 900(E), DATED December 23, 2022, is the Hazardous and Other Wastes (Management and Transboundary Movement) Second Amendment Rules, 2022 of the Ministry of Environment, Forest and Climate Change. The Central Government made it under sections 6, 8 and 25 of the Environment (Protection) Act, 1986, after having dispensed with the requirement of notice under clause (a) of sub-rule (3) of rule 5 in public interest, so no draft was published first. It came into force on the date of its publication in the Official Gazette.

THE CHANGE

Adds high end and high value used medical equipment, other than used critical care medical equipment, for re-use to the entries against Basel No. B1110 in Part B of Schedule III of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, with a note on who may import it.

MoEFCC adds high end and high value used medical equipment to Schedule III, Part B at Basel No. B1110

G.S.R. 900(E) · December 23, 2022

G.S.R. 900(E), dated December 23, 2022, is the Hazardous and Other Wastes (Management and Transboundary Movement) Second Amendment Rules, 2022 of the Ministry of Environment, Forest and Climate Change. The Central Government made it under sections 6, 8 and 25 of the Environment (Protection) Act, 1986, after having dispensed with the requirement of notice under clause (a) of sub-rule (3) of rule 5 in public interest, so no draft was published first. It came into force on the date of its publication in the Official Gazette.

It amends Part B of Schedule III of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. Against Basel No. B1110, it adds “High End and High Value Used Medical Equipment other than Used Critical Care Medical Equipment for re-use”, noting the related entry in Schedule VI, B1110. A new note says import is permitted by the actual user, by Original Equipment Manufacturers (OEM), by an Indian subsidiary of an OEM, or by a trader on behalf of the actual user, and that high end and high value medical equipment is the medical equipment the Ministry of Health and Family Welfare specifies from time to time.

Its note records that the 2016 rules were published by G.S.R. 395(E) dated April 4, 2016 and were last amended by G.S.R. 593(E) dated July 21, 2022.

The notification (F. No. 23/104/2022-HSM) appears in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), No. 803, dated December 23, 2022; the e-Gazette put it online on December 24, 2022.
