Quality Control Order for ductile iron pressure pipes and fittings (IS 8329, IS 9523)

The 2009 order requires ductile iron pressure pipes and fittings to conform to IS 8329 and IS 9523 and bear the BIS Standard Mark from March 1, 2010.

THE DUCTILE IRON Pressure Pipes and Fittings (Quality Control) Order, 2009 was issued by the Ministry of Commerce and Industry (Department of Industrial Policy and Promotion) as S.O. 2749(E), dated October 30, 2009, under section 14 of the Bureau of Indian Standards Act, 1986, and published in the Gazette of India the same day. Its Schedule lists two standards: IS 8329, Centrifugally Cast (Spun) Ductile Iron Pressure Pipes for Water, Gas and Sewage, and IS 9523, Ductile Iron Fittings for Pressure Pipes for water, gas and sewage.

Quality Control Order for ductile iron pressure pipes and fittings (IS 8329, IS 9523)

Ductile Iron Pressure Pipes and Fittings (Quality Control) Order, 2009 · Ministry of Commerce and Industry (Department of Industrial Policy and Promotion)

The Ductile Iron Pressure Pipes and Fittings (Quality Control) Order, 2009 was issued by the Ministry of Commerce and Industry (Department of Industrial Policy and Promotion) as S.O. 2749(E), dated October 30, 2009, under section 14 of the Bureau of Indian Standards Act, 1986, and published in the Gazette of India the same day. Its Schedule lists two standards: IS 8329, Centrifugally Cast (Spun) Ductile Iron Pressure Pipes for Water, Gas and Sewage, and IS 9523, Ductile Iron Fittings for Pressure Pipes for water, gas and sewage.

From March 1, 2010, no person may manufacture or store for sale, sell or distribute these pipes and fittings unless they conform to the specified standard and bear the Standard Mark of the Bureau of Indian Standards under a certification marks licence. Manufacturers were to apply to the Bureau for a licence within forty-five days of the issue of the order, if not already obtained, and sub-standard or defective goods must be deformed beyond use and disposed of as scrap within three months. Manufacture for export to a foreign buyer's specification, not less than the specified standard, is excluded.

The order is administered by an appropriate authority, defined to include State Directors or Commissioners of Industries, an officer of the Department of Industrial Policy and Promotion not below the rank of Under Secretary, and General Managers of District Industries Centres, with powers to call for information and samples, inspect records, and search premises and seize goods.

A second notification, S.O. 2681(E), is recorded with the date October 23, 2009; its text could not be read for this summary. No later amendment appears among the notifications recorded for this order, which is listed as in force.

Order	Ductile Iron Pressure Pipes and Fittings (Quality Control) Order, 2009
Issued by	Ministry of Commerce and Industry (Department of Industrial Policy and Promotion)
Product group	Steel and Iron Products
Where it stands	In force
What it requires	No person may manufacture or store for sale, sell or distribute ductile iron pressure pipes and fittings that do not conform to the specified standard and do not bear the Standard Mark of the Bureau of Indian Standards on obtaining a certification marks licence. Sub-standard or

	defective pipes and fittings must be deformed by the manufacturer beyond use and disposed of as scrap within three months.
Came into force	March 1, 2010
Exemptions	Manufacture of ductile iron pressure pipes and fittings meant for export, which conform to any specification required by the foreign buyer, where such specification is not less than the specified standard
Enforcement	The appropriate authority (Directors or Commissioners of Industries of State Governments or Union territories, an officer not below the rank of an Under Secretary in the Department of Industrial Policy and Promotion, or General Managers, District Industries Centre of a State Government) may call for information and samples, inspect books and documents, and enter, search and seize, applying the search and seizure provisions of the Code of Criminal Procedure, 1973; samples are tested in a laboratory approved by the Bureau of Indian Standards.
