SAFETY OF HOUSEHOLD, COMMERCIAL AND SIMILAR ELECTRICAL APPLIANCES / TRANSITION FACILITATION

Quality Control Order for household, commercial and similar electrical appliances

The 2026 QCO requires household and commercial electrical appliances to meet IS 302 (Part 1): 2024 and bear the Standard Mark from October 1, 2026.

THE SAFETY OF Household, Commercial and Similar Electrical Appliances (Quality Control) Order, 2024 was issued by the Ministry of Commerce and Industry (Department for Promotion of Industry and Internal Trade) as S.O. 4098(E), dated September 17, 2024. It covered appliances up to 250V single phase or 415V three phase not covered by any other Quality Control Order, against IS 302 (Part 1): 2008, with an illustrative list of 85 appliances.

Quality Control Order for household, commercial and similar electrical appliances

Safety of Household, Commercial and Similar Electrical Appliances (Quality Control) Order, 2026 · Ministry of Commerce and Industry (Department for Promotion of Industry and Internal Trade)

The Safety of Household, Commercial and Similar Electrical Appliances (Quality Control) Order, 2024 was issued by the Ministry of Commerce and Industry (Department for Promotion of Industry and Internal Trade) as S.O. 4098(E), dated September 17, 2024. It covered appliances up to 250V single phase or 415V three phase not covered by any other Quality Control Order, against IS 302 (Part 1): 2008, with an illustrative list of 85 appliances.

It was superseded by a 2025 order (S.O. 2232(E), May 19, 2025) and then by the 2026 order (S.O. 1739(E), April 6, 2026). The current order covers appliances up to 250 V single-phase and 480 V otherwise, including direct current supplied and battery-operated appliances, against IS 302 (Part 1): 2024 / IEC 60335-1: 2020, and lists 90 appliances, from vacuum cleaners and kitchen machines to DC supplied or battery-operated shavers, toothbrushes and air purifiers.

The appliances must conform to the standard and bear the Standard Mark under a licence from the Bureau of Indian Standards, under Scheme-1 of Schedule-II of the Bureau of Indian Standards (Conformity Assessment) Regulations, 2018. Goods made domestically for export, two hundred numbers of goods or articles imported per year for research and development, and declared stock made or imported before the implementation date (saleable for six months) are excluded.

Implementation moved from six months after publication (2024) to March 19, 2026 (2025 order) and then to October 1, 2026, with January 1, 2027 for small and April 1, 2027 for micro enterprises. The Transition Facilitation (Quality Control) Order, 2026 (S.O. 3417(E), June 25, 2026) lists the 2026 order among ten for which a Scheme II licence route is available.

Order	Safety of Household, Commercial and Similar Electrical Appliances (Quality Control) Order, 2026
Issued by	Ministry of Commerce and Industry (Department for Promotion of Industry and Internal Trade)
Product group	Safety of Household, Commercial and Similar Electrical Appliances
Where it stands	Transition Facilitation
What it requires	Electrical appliances for household, commercial or similar use with a rated voltage not exceeding 250 V for single-phase appliances and 480 V for other appliances, including direct current supplied and battery-operated appliances, must conform to IS 302 (Part 1): 2024 /

	IEC 60335-1: 2020 and bear the Standard Mark under a licence from the Bureau of Indian Standards. Appliances within the scope of any other Quality Control Order, or notified for mandatory certification under any other Act, are outside the order.
Certification scheme	Scheme-1 of Schedule-II of the Bureau of Indian Standards (Conformity Assessment) Regulations, 2018
Came into force	October 1, 2026, under the 2026 order (S.O. 1739(E)); the original 2024 order (S.O. 4098(E)) came into force on publication with implementation six months from publication, and the 2025 order (S.O. 2232(E)) was to come into force on March 19, 2026
Small enterprises	Under the 2026 order: January 1, 2027 for small enterprises and April 1, 2027 for micro enterprises. The 2025 order had set June 19, 2026 and September 19, 2026, and the 2024 order nine and twelve months from publication.
Exemptions	• Goods or articles manufactured domestically for export • Two hundred numbers of goods or articles imported per year for research and development by manufacturers of household and similar electrical appliances, which shall not be sold commercially, may be disposed of as scrap, and must be recorded year-wise and furnished to the Central Government if so desired • Goods domestically manufactured or imported before the date of implementation by a manufacturer certified by the Bureau or that has applied for certification; such declared stock may be sold, displayed or offered for sale up to six months from the date of implementation, subject to a declaration to the Bureau • Electrical appliances that fall under the scope of any other Quality Control Order issued under the Act or notified for mandatory Bureau of Indian Standards certification under any other Act
Enforcement	The Bureau of Indian Standards is the certifying and enforcing authority. Any person who contravenes the order is punishable under the provisions of the Bureau of Indian Standards Act, 2016.

The products and their standards

Product	Indian Standard	Title of the standard
All electrical appliance intended for household, commercial or similar application with rated voltage not exceeding 250 V for single-phase appliances and 480 V for other appliances including direct current supplied appliances and battery operated appliances	IS 302 (Part 1): 2024 / IEC 60335-1: 2020	Household and Similar Electrical Appliances — Safety Part 1 General Requirements
